04. Only (8:42)

RELEASE ARTIST:

Digo Montana stands out as a DJ specialized in two different electronic music genres to which he adds his special touch: House (Electro, Tech and Minimal) and Chill Out (Lounge).

DJ Digo Montana's varied music taste comes from his early and constant evolvement with music. He studied music in a conservatory and plays the keyboard, electric guitar and drums. Once he had a Heavy Metal band and later on he got interest in one of it variations today called New Metal. Who listens to his set list can notice an acid and dark touch in his dancing and exciting music. This aggressiveness and heaviness were kept from this Rock'n'Roll experience.

In his Lounge set he puts together Ethnical Instrumental Music, New Jazz and Folk Arabic Music, composing a great mixture of music that amazes every single person who listens to it, pleasing even the most radical ones. He came up with 3 set lists on Lounge Brazil Podcast.

He played together with wideknown DJs such as Mr. Gil, Julião, Peter X, Jeff Space, Cristin, Hero Zero, Gláucia ++, Michel Noya, Van Padilha, Thiel and also with the Top Portuguese Dj LINK among many others.

He has already played at events at Puma's Outlet in Sao Bernardo do Campo - Sao Paulo, Brazil – as well as at some PVTs. He has also spent 10 days playing at Balneário Camboriú - Santa Catarina, Brazil - in the end of 2006 and beginning of 2007 at some afters, where he did make the people fall in love with his tracks. Some of the projects from the Brazilian promoter Rô Ornellas have counted on his presence already, which is the case of Urbanation and Elektra.

In Montividiu – Goiás, Brazil – He participated on the inauguration of Absolut Pub which was a sold out event.

In the beginning of 2008 he was invited to MOB festival where he played at a private party in the Presidencial DJ Booth side by side with the tops DJ Ricky Ryan and DJ Southmen.

Nowadays besides his DJ set he is getting in to the production market where he has already got several accomplishments for his tracks already publicized.
